SECTION 01 61 30 - DELIVERY, STORAGE AND HANDLING

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 01 Specification Sections, apply to this Section.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.1 DELIVERY

A. Schedule and effect delivery of goods to take place at the time they are required for installation, as coordinated by Construction Manager.

B. Deliver goods to the Project Site in manufacturer's original sealed container, complete with labels identifying each item with Architect's code and instruction for handling, storing, unpacking, protecting and installing.

C. Inspect goods on delivery to ensure compliance with the contract documents and ensure goods are undamaged and protected against damage.

3.2 STORAGE

A. Stored goods at the Project Site according to manufacturer's recommendations and in a manner that will facilitate inspection and measurement of quantity or counting of units. Store goods using means and methods that will prevent damage, deterioration, and theft or other loss. Stored goods shall be in secure environment before Vendor leaves premises.

B. Store heavy goods in a manner that will not endanger building structures.

C. Maintain temperature and humidity in areas where goods are stored within the range required by manufacturers' written instruction.
